

# Catamaran - Full Day

An unforgettable day in the archipelago

Leave the office for a day and step aboard an exclusive catamaran for a unique full-day sailing experience in the stunning archipelago. Fresh sea air, open horizons, and an experience that combines relaxation, adventure, and togetherness await.

During the day, you will sail through some of the archipelago's most beautiful waters, with plenty of space to socialize on the catamaran's spacious deck. The boat's stability makes the experience comfortable for everyone – regardless of previous sailing experience. If you wish, you can help hoist the sails and steer the boat, or simply lean back and enjoy the sun, the sea, and the spectacular views.

Delicious food and drinks are served on board and charged on consumption, enhancing the feeling of a truly wonderful day at sea. Perhaps a refreshing swim from the boat, a sunny

archipelago lunch, or a glass of sparkling wine as you glide between the islands.

A full-day catamaran sailing experience is the perfect activity for a kickoff, team-building event, or a summer gathering with colleagues. It offers time to connect in a relaxed setting, create new memories together, and experience the Stockholm archipelago from its most beautiful perspective.

Welcome aboard for a day that combines freedom, nature, and togetherness – right in the heart of the Stockholm archipelago.

Prices are based on departure and/or return in Stockholm Harbour. If other pick-up or drop-off locations are requested, the price may be adjusted.
