

Catamaran sailing in the city

Stockholm – best experienced from the water

A truly standout experience – catamaran sailing in the heart of Stockholm, designed for companies to create memories, strengthen team spirit, and leave the meeting room behind. The sea is your arena, the city your backdrop.

Step aboard and let your team experience the capital from the water - where the city's pulse is ever-present and the sense of freedom complete.

The catamaran's wide decks offer stability, generous space, and a social setting, both inside the saloon and outside in the cockpit and deck lounges.

Sailing a catamaran through the city, you glide silently between neighbourhoods and shimmering quays. Feel the freedom as the wind fills the sails and Stockholm's skyline unfolds around you.

Catamaran sailing in Stockholm is more than being out at sea - it's a way to open minds, spark conversations that never happen in a conference room, and let the whole team feel the wind of new perspectives.

Coffee and pastries are served during the trip. Other drinks or refreshments can be arranged at an additional cost.

Treat your colleagues to an experience they'll be talking about long after it's over.
