

Champions of champions

Challenges for the whole group

Just like our elite athletes battling it out on TV, your team can also be put to the test. Challenge each other in our own version of Champions of Champions - and crown your company's very own champion!

Champions of Champions is more than just an activity - it's a fast-paced experience that combines team development with personal challenge.

Here, you'll face each other in a series of fun and varied events, carefully designed to put both individual and collective skills to the test.

When the competition begins, you'll be divided into teams of 4-7 people. This team size creates a dynamic group where everyone can contribute - from the strategic thinker to the fastest runner or the one who stays calm under pressure.

The variety of challenges ensures that every

participant's skills become valuable, and together you build a sense of unity and team spirit that lasts long after the winner has been crowned.

A selection of challenges:

- Impossible puzzle
- Memory Test
- Fire test
- Doft duel
- Tower of bolts
- The knot
- The channel
- Balance board
- Night duel
- Strenght test

The winning team is, of course, celebrated with gleaming gold medals -a symbolic tribute to their strength, teamwork, and outstanding performance.
