

Code Break

Energiser – a short active break to boost focus

Awaken your inner curiosity with Code Break – the interactive team challenge where every solved code unlocks the door to the next mission. The excitement builds with every step.

During 45 intense minutes, your group transforms into a team of problem-solvers. Up to 30 codes are strategically hidden in the surroundings, and every solution unlocks new questions, tasks, and clues. You'll need to think fast, communicate clearly, and collaborate smartly to move ahead of the other teams.

This is not just a competition - it's an energy boost. Code Break is a highly appreciated activity because it builds strong team spirit in a short time and engages everyone.

Run the activity outdoors or indoors if conditions allow.

When the time is up, the scores are tallied, the pulse slows, and the winning team steps forward to receive their well-earned gold medals.

Code Break is perfect as an energiser during a conference, as a teambuilding activity, or as a dynamic break between meeting sessions.
