

Helicopter Transport Smadalaro

Fast & Smooth

Turn the journey out to Sandhamn into an unforgettable experience – before you even land.

Skip the queues, the time pressure, and journeys that simply “have to be done.” Instead, take off by helicopter and let the transport become a highlight in itself. Perfect for meetings, conferences, client visits, or events where first impressions truly matter.

A helicopter journey offers more than just fast travel – it gives you a completely new perspective of Stockholm. Glide over the city, soar above the archipelago, and land in style while others are still stuck in traffic. It's efficient, exclusive, and above all incredibly memorable.

For larger arrangements, special occasions, VIP transfers, or when time is limited, a helicopter is a smart choice. It impresses, saves valuable time, and sets the tone for the rest of the day.

The helicopter accommodates up to 5–6 passengers.

Prices apply to one-way flights within the Stockholm area, departing from Bromma. Minimum charge: 2 passengers.

Make your next journey something you'll talk about long afterwards.
