

Ribocopter

Experience the best of both worlds

Join us on a sensational journey that combines the best of both worlds! Imagine the wind in your hair as you speed across the water in a RIB boat, then soaring through the sky in a helicopter, taking in breathtaking views of the untouched archipelago.

Join us on a breathtaking adventure where RIB boats and helicopters move in perfect harmony. This is an experience that delivers adrenaline rushes and a profound sense of freedom you won't soon forget.

Travel through the magnificent archipelago landscape, where every view is more spectacular than the last - scattered islands, shimmering waters, and endless horizons. Along the way, we make stops where you'll switch between the two unique modes of transport – ensuring that every participant gets to enjoy both the high-speed thrill of the boat ride and the stunning aerial views from the helicopter.

It's a feeling of pure euphoria and freedom - racing both over and above the mirror-like surface of the sea, where the water stretches endlessly to the horizon. Your heart will beat faster as you reach new heights - quite literally - while experiencing the extraordinary beauty of nature from two thrilling perspectives.

To make this already epic adventure even more memorable, you can combine it with a delicious lunch or dinner at one of the archipelago's finest restaurants.

This is the kind of experience that makes your heart race and your senses come alive with joy - don't miss the chance to experience it!
