

# Soccer Bumper

The perfect mix of soccer, laughter & action

Challenge your colleagues in the most fun soccer match of the year! A fast-paced game that's literally turned upside down at times.

Give your team an experience that strengthens team spirit – and delivers tons of laughter.

Soccer Bumper is the perfect teambuilding activity for companies that want to combine energy, joy, and collaboration in a whole new way.

Tackle, bounce, roll, and run your way through the matches as adrenaline and uncontrollable laughter blend into a truly unique gaming experience.

The rules are just like regular football, but the execution is in a league of its own. Instead of putting on a jersey before kick-off, you strap a giant bumper ball to your upper body.

A bumper ball is like a huge beach ball designed to withstand tackles and bounces. A well-executed tackle often gets just as much applause as a top-corner shot.

The winning team is awarded gold medals.
