

T40 Transport

Weather-proof transport, year-round

The T40 is the perfect choice for those who want to travel fast, comfortably, and in style at sea. Our custom-built Targa is tailored for premium passenger transport of the highest class.

The T40 takes you efficiently and comfortably to your chosen destination in the archipelago. We travel more or less directly, ensuring fast and smooth transport. Travel time varies depending on distance and weather conditions, but our goal is always the same – to get you there safely, on time, and with a memorable experience along the way.

Our experienced drivers have extensive local knowledge and navigate confidently through the archipelago's routes, straits, and open waters. You can sit back and enjoy the journey while we take care of safety, route planning, and comfort.

The boat accommodates up to 12 passengers and offers every comfort you could wish for. Sit back in the heated cabin or choose a seat out on deck to feel the wind, the sea air, and the unique closeness to nature. Whatever the weather, we make sure you stay warm and comfortable – life jackets and soft fleece blankets are, of course, provided for everyone on board.

This is not just transport – it is a fast, exclusive, and experience-rich journey through the stunning archipelago.

Prices are based on departure from or return to Stockholm's harbour. If you require other locations, the price may be subject to change.
