## BEST OF TWO WORLDS

Be a part of the best of two worlds! Enjoy the speed of a RIB-boat and the wonderful feeling to sweep over the water in a helicopter. An incredible way to see the archipelago and its unique landscape of islands and water.

The RIB-boat and the helicopter travel together at huge speed far out into the beautiful archipelago. We stop a couple of times during the trip to allow people to swap between the boat and the helicopter. Everybody will get to go on both boat and helicopter.

The RIB-boats have two powerful engines and reach speeds of 55-60 knots. The feeling of travelling at such speeds across open water is indescribable.

Tip!  
Add an extra hour at the restaurant for only 2.000 SEK/boat.
