

# CODE BREAK

## STRETCH YOUR LEGS

Bring out the curious child's mind and play Code Break. The game where you and your friends must unlock information about various assignments. Who doesn't want to know what's behind the next corner?

Code Break is one of our activities that gives the most energy back in the shortest time. You play it in groups and have 45 minutes to solve 30 codes hidden in the environment. Each code provides an assignment or questions to solve and contributes to fast-paced teamwork with a focus on collaboration skills under time pressure.

The arrangement is to your wishes for the best results. It can be played outdoors, inside, or possibly at the conference facility. Choose the one that suits your group the best.
